HAYMAN ISLAND RESORT

LITTLE CHEFS PROGRAM
SUMMER SCHOOL HOLIDAYS 2021-2022

LITTLE CHEFS PROGRAM

Designed by our talented Chefs, the Little Chefs Program sees kids embark on a culinary journey around the resort. From the kitchen to the garden, our Chefs will pass along their food knowledge through fun-filled masterclasses that will inspire our next generation of foodies.

This experience is recommended for children aged between 4 and 12 years and is priced at \$50 per session per child.

To book this experience, contact Hayman Experiences at hayman.experiences@ihg.com or visit haymanisland.intercontinental.com/LittleChefsProgram

LITTLE CHEFS PROGRAM

CHOCOLATE MAKING CLASS

Mondays, 11:00am - 12:00pm

This fun-filled, hands-on class sees little ones become little chocolatiers, as our Chefs guide them through hand tempering chocolate. They will get creative as they make and decorate chocolate bars, and other kid-friendly treats.

PIZZA MAKING CLASS

Tuesdays, 2:00pm - 3:00pm

Learn how to make wood-fire pizza with Amici's friendly Chefs. During this one-hour class, little ones can don their Chef's hat, roll their pizza dough and choose toppings to decorate their own personal pizza.

INTO THE GARDEN

Wednesdays, 11:00am - 12:00pm

Our little travellers will venture into Hayman Island's tropical gardens with Executive Chef Craig Robertson as he gathers local ingredients for dishes. Learn as you pick bananas from leafy palms, collect coconuts and immerse in nature's gifts.

This program will run from Monday 13th December 2021 to Friday 21st January 2022.

VEGETABLE CARVING ART

Thursdays, 11:00am - 12:00pm

In this masterclass, our little Chefs will learn how to use their creativity to turn vegetables into edible creations. Garden bugs, ladybirds, butterflies... kids will create and take home the prettiest snacks.

LEMONADE MAKING CLASS

Fridays, except December 24th and 31st, 11:00am - 12:00pm

Squeezing lemons, sprinkling sugar, stirring the mixture... our Chefs will share their special recipe and guide the little ones during this step-by-step masterclass.
